Hello Outdoor Enthusiast:

Just want to send out a thank you to all of you who supported the Pipe Fishing Club/ Winnebago Walleye Series in 2023. We also would like to let you know what activities we have planned for 2024, and we look forward to seeing you at these activities as well. We continue to raise funds for building the PFC & WWS clubhouse, and we hope to encourage the community to use it for other activities other than just those of the club. For instance, we would like people to rent it for birthday parties, fundraising events, class reunions, graduations, meetings, etc. We envision this facility to be more of a community center than a storage shed and meeting area for the fishing club.

This year's activities are as listed:

- April 20th** Brat Fry at the PFC lot N10318 State Road 151, Malone, WI 53049 11am-3pm with a Pot of Gold Raffle
